

EJII Grant - Frequently Asked Questions

1.) The program requires participation of residents in the project. Can residents include board members or staff members of the applicant organization? **YES**

2.) Do all of the residents participate in all of the activities? For example, do all 50 residents (at the \$10K funding request level) complete the virtual program, attend all of the monthly meetings, and the Climate Summit? Or do the 50 residents divide up those responsibilities?

- **All must complete a virtual program.**

- **At least one representative and a backup person for monthly meetings.**

- **At least 2 to 5 group members participate in the summit. (max of 10)**

3.) How long is each training session?

- **Self guided estimated (8 - 16 hrs)**

- **more detail about curriculum and virtual sessions will be provided in the coming weeks.**

4.) Can the website/application be translated into Spanish and Hmong?

5.) For the training (8-16 hours), is the training over the course of a year, or is condensed down into one smaller time frame? **9 months**

For example, if we requested \$1000, it says we will need to get 6 "residents" to complete virtual training, attend a monthly EJII Committee Meeting, and a November Summit. **Not all 6 members need to attend the monthly meetings.**

- When is virtual training? - To be scheduled with your group with our facilitator, in person for virtual.
- Are the EJII Meetings the 6 one-hour meetings from 2022-2023? **Yes** Will that be scheduled with attendees once applicants are chosen? - **Yes**
- When is the November Summit? We want to be sure we can get the requested number of people to attend so would like to invite them asap. **The date is yet to be determined and will take place 2023**
- Are the EJII meetings and annual convening hosted by EJII with Root-Pike WIN as an attendee? **Yes** Do we need to get all 6 "residents" to all of these events? **At least 2 of the 6 should attend**
- Are "residents" the same as "members"? **Yes (members of those who join the initiative)**
- How "nearby" to the project site would "residents" need to be? Would Racine County apply? **Yes**
- Are or can residents be the same as "Partners"? We would have the school district and school principal and educator as partners. **Yes** However, could they also be counted as "members" and "residents" and attend all the required items? **Yes**

We are very interested in your EJ program, but I have a few concerns.

1- I could recruit participants for the EJII training, but I don't have their confirmation yet - The application requests the list of participants - **This opportunity is ideal for new and existing groups with an effort underway. Applications are strongly encouraged to submit**

primarily group participants contact info for engagement and education opportunities in the initiative.

2- Many of the people I work with speak mostly Spanish - Would the EJII training offer translation? **Yes!**

3- I submitted the application, but I didn't get any confirmation email, and it doesn't show any record in the account. **We will review submissions, if you did not submit group member contact info, please resubmit the application and upload participant list.**
